

Energy Panel Structures, Inc.

ENGINEER

Energy Panel Structures, Inc. (EPS), is an industry leader in commercial and residential construction with headquarters in Graettinger, IA, and locations in Perryville, MO, Geneva, NY, and Urbandale, IA. EPS is 100% Employee-Owned and offers outstanding employee benefits including a 401K and an Employee Stock Ownership Plan.

As an **Engineer**, the candidate will focus on designing many different types of buildings for construction including: agricultural, commercial, residential and industrial. An ideal candidate is interested in producing high quality, detailed work based on established standards, guidelines and procedures. They must have strong oral and written communication skills; be self-motivated with the ability to work independently or as part of a team. They must be highly organized with attention to detail and be able to perform critical thinking and problem solving.

RESPONSIBILITIES AND DUTIES

- Develop plan views, cross section, construction details, etc. for the buildings to be constructed.
- Develop preliminary drawings for buildings at the initial state of quoting.
- Employ structural analysis to determine loads on structural members.
- Employ structural design software to size members under various loads.
- Utilize IBC (International Building Code) and provisions in ASCE 7 (American Society of Civil Engineers).
- Learn and understand EPS product lines.
- Attend training meetings to advance relevant knowledge and skills.
- Develop estimates for various client buildings; i.e. quantity take-off of materials and applicable material costing.
- Understand and observe all company safety policies and procedures.
- Perform other duties as assigned.

EDUCATION AND QUALIFICATIONS:

REQUIRED

- Knowledge of construction methods, materials, structural design, and building codes
- Ability to read and understand blueprints and architectural drawings.
- Ability to perform relevant structural analysis.
- Bachelor's degree, preferably in Engineering or a related field of study.
- 3-5 years of experience in the study or practice of Building Design/Engineering

PREFERRED

- Knowledge of AutoCAD or related CAD drafting software.
- Knowledge of Microsoft Excel, Word, & Outlook.

EPS is a Drug Free Workplace. Applicants must be willing to undergo pre-employment drug and background screening. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status.
